NEW DINING CARS ARE COMING HERE FOR FRISCO USE

Will Be Modern and Equipped
With Best Facilities for
Patrons' Comfort

Six brand new steel dining cars of the most modern type for use on the eastern division of the Frisco from St. Louis to Paris, Tex., are expected to arrive in Springfield from the American car company's factory some time between July 1 and 15, to be equipped for service. The cars will be of thirty seating capacity and will be the largest diners in use on the Frisco.

At the same time, or possibly a few weeks later, five new steel coach-cars for use on trains to Kansas will also arrive. The latter type of cars will have eighteen seats in the dining compartment, the other end of the car being equipped with regular coach seats. When the new cars arrive, the dining-cars now in use on the eastern division will be sent to the shops for a complete overhauling.—Springfield Republican.

A Woman's Great Idea

Is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at A. H. Cox & Co's.

PEIRCE CITY NEWS.

From the Leader.

Adam Roskoski, of Monett was in Peirce City last Sunday.

Dr. P. L. Freeland of Monett was in our city Wednesday.

Luther Owens and Fred Bowen were over from Monett last Sunday afternoon.

Mr. W. W. Koeneman, while climbing a telephone pole just east of the Lawrence County Bank Monday evening, came in contact with the cable which must have been crossed with an electric wire as Koeneman received a severe shock which knocked him from the pole to the walk, a distance of about twenty feet. Fortunately he sustained only a few bruises on hip and shoulder and a burn on his left arm where it touched the cable.

George H. Friest, a deserter from the United States army was arrested in the strawberry fields near Sarcoxie a few days ago. He enlisted in company K of the 28th Infantry in September 1909, and deserted the 16th of last month while stationed at Ft. Riley, Kansas. He was lodged in the Joplin jail and will be taken to Ft. Leavenworth for trial.

Mr. Dallas Pruitt left last Saturday morning for quite a trip. He will first visit his son at Melrose, New Mexico. He will go from there to San Francisco, Calif., and from there to Portland and Salem, Oregon, where he will visit his daughter and a brother. From there he will go to Seattle, Washington, where he will visit another brother. He will be gone about three months and will see much of the great south and western country.

Mr. and Mrs. Pete Martin and Mrs. Bandy went to St. Louis last night to spend a few days.

KINGS PRAIRIE

We are having too much rain for the wheat and the corn. Some fields are getting weedy. The oats are doing fine.

Allen Jackson had a fine young mule two months old to die very sudden the other day.

Memorial and Decoration was observed last Sunday at New Liberty Church. Sunday school met at 10 o'clock and after Sunday school E. R. Stribblin delivered a short memorial service after which the children laden with flowers led by the old soldiers present marched out to the cemetery and placed flags and flowers on the graves of the soldiers. Those present that had friends and relatives strew flowers on them also.

Homer Collar, son of widow Collar, that has been serving in coast artillery for the past three years, his time expired a short time ago, writes he will be at home in a few days. He talks like he may enlist again soon.

Those living on the main thoroughfares into Monett can tell the berry crop is short by the small loads that are going in.

Three nice young men drove in to Monett the other and took on to much personal liberty. On returning home the further they came the faster they drove and the louder they swore. Before reaching home they had worn out a whip and were urging the horse on by using their hats. This may be personal liberty for the boys but what about the dumb beasts. Boys you can get ready to sing "Missouri's going dry" this fall.

Rev. J. W. Ennis, of Mineral Springs preached at New Liberty Church last Sunday evening to a large and attentive congregation.

Some raised a wail because they believed the tail of the comet would sweep the earth and we would all fail but it is hiking away for another 75 years.

Mrs. Dr. Griggs District President of the W. C. T. U. visited the New Liberty Union the fourth Sunday evening and there were music and speeches.

PAVING COMMITTEE WENT TO SPRINGFIELD TODAY

Five of the special committee appointed to investigate the different kinds of street paving went to Springfield today to make an investigation. They were P. Short, P. Martin, Jas. Mansfield, L. A. Mason and M. E. Loutzenhiser.

The committee will investigate the paving in different cities and report their conclusions at a public meeting to be called later by the mayor.

G. W. McIntosh & Sons, of Cloverdale Stock and Dairy farm, will sell 60 head of registered high grade Jersey cattle at public sale, June Tuesday, 14. This is one of the best working Dairy Herds in the Southwest and no one can make a mistake in the purchase of one of these grand cows. They will also sell three standard and registered stallions.

INJURED WHEN THROWN FROM BUGGY

Automobile Frightened Horse
Driven by Mr. and Mrs. J. J.
Davis. Both Thrown
from Buggy and Sustained Severe Injuries

Yesterday afternoon between six and seven o'clock, when Mr. and Mrs. J. J. Davis were returning from a drive they were met by a party of five in Mrs. N. Sturgis' automobile. The horse driven by Mr. Davis became frightened and turning suddenly threw Mr. and Mrs. Davis in front of the approaching machine. Mr. Davis fell upon a post bruising his side in a terrible manner and his head and left ear was badly cut and bruised by coming in contact with the wheel of the car. Mrs. Davis was considerably bruised by the fall and her clothing was badly torn. Fortunately the car was stopped just in time to prevent the wheel running over Mrs. Davis head, which was directly in front of the wheel.

Miss May Sturgis was driving the car which was going at a moderate speed. Mr. and Mrs. Davis were taken into the auto and brought to their home where Mr. Davis was conveyed to his rooms and a physician summoned. He was resting easy this morning but it will be several days before he will be able to leave his room.

The horse was caught some distance from the scene of the accident but neither the animal or the vehicle were injured.

THE FILTHY FLY

Dr. W. E. Evans, Chicago's commissioner of health, has issued a series of "healthograms"—epigrams relating to sanitation and health. Here are a few samples:

"Filth for flies and flies for fever."

"When you don't know what to eat—eat nothing."

"Dark living rooms speedily plant candles at your head."

"Teasing baby to make it laugh is a crying shame."

"The birth of a fly may mean the death of a baby; kill the flies and save the babies."

"A heap of rubbish about your house is a tombstone to your self respect and civic pride."

MENDON

Once more the sun made its appearance to dry the ground and ripen the berries.

R. D. Zinn sold 100 acres of land to Will Dunning and then Mr. Zinn bought the Henry Feilker place.

The hail and rain of last Friday evening was something to be remembered. We never saw it rain harder and the hail lasted ten minutes. When it quit it could have been shoveled up.

Frank Hunnel went to the grave yard near Stotts City Monday to do some cleaning up and plant some flowers.

Mr. and Mrs. Peter Zinn spent Monday in Peirce City visiting her son, Will Belch and family.

They are adding some more room to the Lutheran church in Freistatt.

Pate Anderson was out hunting berry pickers Sunday evening.

The wheat is looking well and harvest is coming near. These hard rains have been somewhat hard on wheat while in bloom and there is complaint of the fly in some localities.

The wedding bells will soon ring again. Watch for the names of the contracting parties.

The corn is getting very weedy in places on account of so much wet weather, and the cut worms are very bad this year.

There is going to be plenty of blackberries, both wild and tame.

The berries are running down pretty fast.

Dr. Wright and wife spent Sunday at Peirce City. Mrs. Wright remained over until Tuesday.

Will Anderson's children have the mumps.

I wonder if the Violets will make their appearance again this week.

We remain as ever

MR. NOBODY.

TO WHOM IT MAY CONCERN

For the benefit of others and in appreciation to Dr. Frank, the Chicago eye specialist I am persuaded to express herewith my great pleasure at the benefit I have derived from services and the glasses he has made for me. After giving them a thorough trial for some weeks I find them all that I ever expected, benefiting my eyesight and giving me comfort and pleasure. All those I come in contact with that the doctor did work for seem to be in high praises of his work. The doctor has been recommended to me from Oklahoma City and he surely deserved his recommendation. I take pleasure in return to recommend him to all my friends and all requiring the services of an able eye specialist.

60 tf MRS. H. M. COWAN.

The Ballinger investigation ended suddenly without the secretary going on the stand to explain the letters he wrote to Perkins, J. Pierpont Morgan's partner, or those to the Seattle engineer, Thompson, relating to the exploitation of Alaska by the Morgan-Guggenheim syndicate. No sooner did the investigating committee strike a trail leading to the side door of the Morgan-Guggenheim house than it closed up like a clam. The chase was getting too hot.
